

6516206957.txt

I am an over the road truck driver. I use my XM radio to keep me informed on weather issues across the states. If I didn't have the weather and news to keep me updated, I would run into more traffic jams and only complicate traffic problems. XM is my tool for avoiding potential problems...thereby making our roads even safer for not only me, but for other drivers as well. I pay monthly to have this information, and would be dissappointed if the government (whom my tax dollars support) would defraud me of this essential tool. Please reject NAB's petition 04-160.

Respectfully, Robert Yoder
